COMMERCIAL/RESIDENTIAL PLUMBER JOB DESCRIPTION

GE Mechanical is a leading full-service mechanical contractor, headquartered in Vineland, NJ and serves all of South and parts of Central New Jersey. For over 30 years, GE Mechanical has provided a full range of refrigeration, HVAC, plumbing, drain cleaning, and environmental services to commercial, industrial and residential customers. GE provides 24/7 maintenance and repair services as well as system design and installation, and is a trusted partner of its customers for all of their mechanical systems' needs. GE has continued to grow its business over the past several years and we are looking for experienced commercial plumbers that are motivated to help us continue to grow in a position that will provide high earnings potential while also offering career advancement opportunities.
